Editorial: . . .

VOTE !

How fortunate we are to live in a democracy with freedom, liberty and equality, a democracy developed by years of hard political work and forged by the courage and bravery of many military veterans.

Our democracy is threatened by the political turmoil, chaos and disintegration of democracy in the United States. The trucker convoy is but one example of this erosion that is creeping northward. We should steel ourselves against such political upheavals such as the January 6 insurrection in Washington. Let us hope it remains an isolated incident quarantined to the USA.

Voter apathy

We are faced with other difficulties, the worst may be *voter apathy*, particularly in municipal elections where voters may see themselves as playing for the farm team instead of the big leagues. The election turnout in the last election in this city, one of significant size, was less than 20%. Less than 1/5 of the population voted.

Role of municipal government

Municipal governments affect citizens daily, more than the federal and provincial ones. Essential services regulated municipally: garbage collection, water management/supply, maintenance of parks, roadways, summer, winter...all managed by the city.

Civil servants accountable to you

You have a say in city management with your vote. You elect the city councillors. Selecting good representatives is enough of a challenge on its own but not voting means you give management of your city, its policies and its actions, a pass. Perhaps you bring your voice to municipal council meetings to address councillors with your opinions, comments and suggestions. More likely, you are at work or at home after work, being with your family. That is as it should be but does it mean you don't care how your city is managed? You have a say in every election. It takes minutes to go to a polling station and cast your ballot. This election electronic voting should make voting even easier. Will it persuade you to participate in city management by voting?

Your vote means you control who sits on city council. Your vote reminds them that they are accountable to you. Why would you toss away that power?

Additionally, by voting you are showing that you recognize and appreciate your fellow citizens' committing themselves to working in government on your behalf. You demonstrate that you value and respect these individuals for their devotion, energy, and effort in managing the city for you. Such commitment has costs: candidates give up a lot to become candidates; their income changes; they lose time with their families; they lose fulfilling family responsibilities; in short their family life is eroded. Yet, they still pick up the mantle of civic duty and commit to working for you.

The above is more than 'idealism' or 'generic-speak.' It is fact. A candidate came to our home recently – a parent who is upset with the current municipal government – and explained the costs, time and commitment needed to be a candidate. This dissatisfaction became a campaign effort to change the current city council. A clear

demonstration of their regard for civic responsibility and civic commitment!

The bottom line

VOTE. Vote because you care about the city in which you live. Vote because you support democracy. Vote because you want to continue living in a society you control, you manage. Vote because you care!

RAJASINGHAM, RAVEENA		WARD 1	<p>A resident of Pickering over 16 years, wife and a mother of three children with deep passion for helping the community. An accomplished healthcare professional as a National Cardiology Clinical Specialist, lecturer and an avid academic researcher. I am honored to have been encouraged by community members to bring my passion, strengths and leadership to serving the community on Pickering Council.</p> <p>As an immigrant growing up, I've always valued the idea that each of us can be change-makers. This has led to my passion for community development and striving to make a difference in the communities I have been a part of. I have inspired and mentored many youth, seniors, and young women to be leaders today and for the future.</p> <p>I have spent decades working to enrich the communities I've been immersed in. My recent community volunteer involvement has been:</p> <ul style="list-style-type: none"> • Youth Chairman Royal Canadian Legion Pickering branch • Founder of Pickering-Ajax Public Library Science Fair • Past board director and facilitator of Center for Leadership and Innovation • Pickering Cultural Fusion fashion show coordinator and host • Community liaison working with Indigenous communities to educate and support their cause • Co-organizer of frontline Worker Appreciation Parade • University of Toronto Tamil Chair Youth initiative coordinator

			<ul style="list-style-type: none"> • Chair/organizer of frontline workers care packages • Organizer of community tree planting initiatives for many years • Coordinator of clothes, food and hygienic products drive for homeless shelters during pandemic <p>Our community is calling for a fresh face that can bring a strong voice for Pickering and that is exactly what I can bring:</p> <ul style="list-style-type: none"> • A mindset for setting strategic plans • Responsible development along Kingston Road, safer streets and protecting our cherished waterfront and trails • Championing the unique needs of our seniors, youth and children • Creating jobs by bringing in large corporate companies to Pickering, supporting and encouraging small businesses in Pickering. <p>And a strong sense of fiscal management to service our needs today and our growth for tomorrow</p>
ROBINSON, LISA		WARD 1	<p>Lisa is a true warrior of the people who is willing and ready to lead the people of Pickering as their ward one city councilor. Her strong and resilient willpower started at an early age which has enabled her to help families for over 20 years in Real Estate. Besides that, her passion in matters of Law and Politics further fueled her to become a paralegal because the rampant corruption she witnessed in her community gave her sleepless nights.</p> <p>Lisa's burning desire to protect the people of Pickering and its environment have all been pieces of the puzzle that have joined to form, shape, and create a whole picture of her ultimate intentions. With unmatched expertise, she strikes a delicate balance between her professional life as a paralegal, real estate negotiation expert, and published author and her community expectations as a philanthropist, community advocate, source of inspiration, and most importantly as a proud mother to a teenager.</p> <p>Her consistent link with the immediate community has resulted in running charities namely Robinson Halloween Haunt and corn Maze and Project Humanity and volunteers as Vice Chair on the parent's committee at the local Catholic school. Lisa is an individual who cares for others in her community, volunteers for the good of the community, and has a firm stand on what a public servant should be. In addition to that, she strongly believes in always doing the right thing to uplift the community standards towards a better version of itself.</p> <p>Lisa also has an active social life as she enjoys activities such as golf, scuba diving, martial arts, tennis, skiing, swimming, and public speaking all of which strengthen her bond with the community as she interacts with others. Being a founder of Liberty Legal Services Professional Corporation, she has really offered practical leadership skills to her co-workers as far as leadership is concerned. She is a leader who knows the way, shows the way, and goes the way with unshakable integrity in all that she does daily.</p> <p>The people of Pickering need a leader not only who is politically driven but also one who identifies with their daily struggles and a leader who is able to walk the talk and do something tangible to improve the ongoing situation in the community. No leader encompasses all these except Lisa Robinson, one of their own.</p>

SOLIGO, JEANINE		WARD 1	My family and I have been Pickering residents for the past 16 years. My husband and I have been married for 34 years and we have two wonderful adult children. I graduated from York University with a B.A. and B.Ed. I believe in community and the importance of having the voices of the people who live in our city heard. I want to invest in Pickering and make a positive contribution for the generations to come. In my spare time, I love to garden, read, and write
SRITHARAN, DARSHAN		WARD 3	<p>Darshan Sritharan is a mortgage professional widely recognized for his dedication and passion for helping others. He strongly believes in the importance of consistency and going the extra mile to ensure the best results are delivered. Born and raised in Scarborough, Darshan values diversity and recognizes the importance of remaining personable, as everyone comes from a unique walk of life. Being the son of immigrant parents himself, Darshan is familiar with the struggle many families encounter when moving to a new country and the barriers they face. He has always remained open to supporting friends, families and colleagues in their various pursuits- often taking on the role of a mentor. Sharing the knowledge he has gained from his experiences is a crucial principle Darshan upholds, as he strongly believes in effective collaboration.</p> <p>Darshan is also a director of The Connecting GTA Foundation recently spearheading projects such as the Remembrance Day rally which raised \$11,000 for Canadian Legion offices across the GTA.</p> <p>His dedication to making a difference in peoples' lives and his community has been consistent throughout his career and will be a standard that he holds himself to when serving his constituents. COURTIS, MICHAEL		TRUSTEE, DDSB	
CROTEAU, SHERRY		TRUSTEE, DDSB	<p>My priorities are student achievement, facility improvements and overall student experience. For students across Pickering to succeed they must have equitable access to a safe, clean and welcoming school environment and be provided with the needed technology, mental health supports, programming and extra-curricular activities.</p> <p>All people deserve to be heard and valued. I will champion policies of inclusion and equity and reject intolerance in all its forms. I will listen and</p>

			<p>learn from others and take action to defend those who experience discrimination.</p>
<p>CUNNINGHAM, EMMA</p>		<p>TRUSTEE, DDSB</p>	<p>The three biggest issues are:</p> <ol style="list-style-type: none"> 1. Equity, particularly when it comes to students with special needs who require educational assistants or other staff. Understaffing these areas stops many students from success. Equity also becomes a problem when it comes to schools fund raising to make up for the lack of funds from the provincial government. Students in richer areas have access to additional resources since they are fund raising from people with more money to give. We need to do something to even this out so every child has access to the same high-quality education complete with all the necessary tools. 2. Bullying. While there is an excellent zero-tolerance policy written, in practice, bullying complaints often go nowhere if the behaviour isn't personally witnessed by a staff member. When students eat alone with only occasional checks but a lunchroom supervisor, how can this behaviour be observed and corrected? Most bullies are facing some sort of hardship that causes them to lash out – and addressing the root cause of their unhappiness requires a thorough investigation as well as both discipline and understanding. Accountability. Firing the ethics commissioner while an investigation was

			<p>occurring looks terrible. Either the Board needed to come forward publicly as to why the ethics commissioner must be replaced, or allow the investigation occurring to take place. The Board cannot hide behind closed doors</p>

Emma Cunningham

FOR DDSB TRUSTEE

If elected, I promise to:

- Fiercely advocate for your child's right to learn and succeed
- Ensure wealth distribution of school council funding so no child goes without resources
- Develop plan to follow through on bullying policies that already exist but aren't being utilized

Meet Emma

Emma Cunningham is a mom of two. She is a communications professional who cuts straight to the point. She doesn't just look at behaviour, she looks at the why behind it, because the why is what helps enact change.

She is a proud supporter of teachers and has spent time as an ally on the picket lines. She's also dedicated member of Pickering's community and spends a lot of time volunteering.

Principled. Proven. Progressive.

SLINTONFORTRUSTEE

Meet Stephen Linton: A trusted and action-oriented community leader centered in listening, equity, and transparency

ABOUT ME

As a Pickering resident for the past 20 years and father of two, I am proud to be seeking the office of Durham District School Board (DDSB) trustee for the City of Pickering. My two children, one entering postsecondary in the fall and the other in elementary school, serve as my greatest inspiration on this journey.

MY EXPERIENCE

- 15 Years of Community Development experience at the municipal level
- 14 Years supporting and advocating for safer communities
- Chairperson: Pickering Library Anti-Black Racism Working Group
- Committee Member: Durham Catholic School Board Anti-Black Racism Taskforce
- Durham Youth Violence prevention sub-committee

MY PRIORITIES

- Increased mental health supports for students
- Increased resources to support students with special needs
- A comprehensive strategy that prioritizes Equity, Diversity and Inclusion
- Coordinated efforts to address the roots of youth violence to create safer learning environments
- Equitable and safer work spaces for education workers
- Collaborative approaches to address discrimination and inequities towards Black, Indigenous, Racialized and LGBTQIA2S+ students

It is important to amplify and unify diverse voices, thoughts, and ideas to achieve the true potential of our children. Working together we can provide a safe, inclusive and thoughtful environment for the students of today and tomorrow. I encourage all residents to make sure they are on the voters list by visiting voterlookup.ca. This is an important first step to ensuring your voice is heard by casting your vote for school board trustee. To get involved or learn more about my plans for our school district you can visit www.stephenlinton.ca or email vote@stephenlinton.ca

Mara Nagy has spent her career fighting for equal access to opportunities for underserved voices. As a teacher and essential worker, she has seen first-hand the challenges our community has faced over the last four years, and as a PhD Candidate in community history and development, she is well-poised to support growth and development in mindful, sustainable, and community-oriented ways.

As an activist, Mara worked to repeal the wetlands MZO in south Pickering, stood with teachers and educators at the Rally for Education at Queen's Park, and joined workers at the picket lines, because everyone deserves a fair shot. She stands with residents, small businesses, and essential workers, as they struggle to have basic everyday needs met, like affordable taxes and a community in which they can thrive.

**Peter
RODRIGUES**

There is currently farming on the **Federal Lands** in Ward 3. The original amount of expropriated land was the size of Ajax. Farmland is critical for our food supply. 319 acres of farmland disappear every day in Ontario. Some Pickering politicians are saying the Pickering land is airport lands. This is simply not true. There has never been a peer-reviewed study in the last 50 years to justify the many billions of dollars that would be wasted on an unnecessary airport. All the federal government studies (both Liberal and Conservative) reports conclude... There is **NO NEED** for an AIRPORT, not even in the near future. We need local farming for millions of people in the GTA area. The airport in Montreal (Mirabel) constructed 50 years ago under the same false reasoning, had its last passenger flight in 2004, and has had its terminal buildings torn down in 2014, because it would still not be needed 50 years later. People eat food every day. They don't need an unproven and costly airport every day.

There are **75 tall Condo Towers** being planned right now for Pickering. They will be mostly along Kingston Road. There is tremendous opposition from residents. As usual, most of the current Pickering councillors do not support the residents' many important concerns. If Pickering wants uncontrolled growth that favours the land developers' interests, there vast areas already assigned for development in the Seaton area in central Pickering. There are many legitimate problems with the 75 towers, from dramatic traffic increase concerns, to the impact on existing homes and businesses.

Affordable Housing needs to be a priority in development planning. This is important for all segments of society... for young families, and to accommodate the particular needs for housing for our seniors. These all have to be planned appropriately for what is best for their lifestyle and health care.

A **Lobbying Registry** was voted against in Pickering! Why?

In April of 2021 City Council in Pickering voted against the creation of a Lobbying Registry for the City of Pickering. Part of the Motion reads: "... public office holders and the public should be able to know who is attempting to influence the decisions of municipal government ...".

Why would a City Council vote against that?

Pickles and Butt your councillors in Ward 3 voted **NO !**

Who donated money to city council in Pickering? How much was given?

Go to my campaign website YourVoicePickering.com to see the link for more details.

Yes, building a **Hospital** would be great in Pickering, but there is no justification for locating it on extremely sensitive environmental lands, especially when there are still 800 acres in a much better location in the Seaton area, which will need a local hospital. The wrong location only benefits the Land Developers.

Land Developer money for me? ZERO \$0.
No donations will be accepted

KEEP THIS CARD

Experience and Trust I have a proven record of Experience and Trust. I was involved in Pickering politics, and supporting residents' concerns, long before I successfully ran as a candidate and was elected to Pickering Council and Durham Council.

Property Taxes are Simply Too High The biggest issue in Pickering is Property Taxes are simply too high! As a Regional Councillor, I continually voted against raising property taxes. I moved several motions each year to further reduce the budget expenditures, so that you would have more money in your pocket for your family's needs. Your property taxes should not keep increasing by more than your income, or more than the cost of living index.

Community Engagement Related to high property taxes is the lack of real Community Engagement. When only a few people are at the all-day Budget Committee meeting, and the vast majority of residents are completely unaware of it, then there is a real disconnection from true and meaningful community engagement. Sure, the city tries for some involvement with residents in the social aspects of life in Pickering, but when it comes to critical matters involving property developments and financial budgets, meaningful inclusion is lacking. Many residents feel that their councillors do not act in the best interests of their residents. I have seen many Council meetings where residents express their desires, but realize that councillors ignore their concerns.

Community Advocate I have a solid record of representing the interests of residents, as a Community Advocate and serving the community's needs. Unlike most councillors, I was available **full-time** to serve and assist residents with all matters and concerns, as before, it will be my primary focus again.

Accountability and Transparency Some members of council have become too complacent. There should be **Term Limits**, as well as a **Recall** mechanism for removing Councillors, who say one thing to get elected, and then don't act in accordance with the demands of their residents. I will be bringing forward many positive motions in Council to hold our representatives accountable. We need to have **Recorded Votes** on all matters, so that you can know easily how your councillors voted on all matters. Councillor expenses should be much more readily visible.

Did you know that only about 30% of residents vote!
Your Vote can make a huge difference, and is very important for protecting Pickering.

LETTERS and COMMENTS...

I just finished reading the August newsletter. EXCELLENT editorial, and I particularly enjoyed the Fermo Report. Thank you for taking all this time to write to inform and entertain us. **NG**
