Writing Project Series

Do You Want to Write a Book?

The **Writing Project Series** is intended for writers who want to produce a novel, or collection of poetry or short stories but don't know where to begin.

Each month from March to September, we'll unpack a different stage of the writing process from drafting to publication, all while you work on your manuscript. The series culminates in your work being featured in a **published anthology that will be added to our library's collection!**
